

“Simple and easy drying of small seed lots”

The FBL is a fluid-bed lab dryer specially made for small seed lots (up to 6 litres). The FBL is based on fluid-bed technique shown in our working principle sheet. This small lab machine is easy to move, and easy to use. Standard the FBL will be delivered with an 3l holding cylinder, but you can order a 6litre drying cylinder separately.

Product characteristics:

- Standard plug and dry version
- Integrated electrical heating system
- Easy to operate
- Easy to clean
- Simple straight forward design
- Standard with 3 litre bucket
- Standard with grey high quality finish
- CE-European industry standard
